#### Other Updates:

- **Parachute Training and Services:** at our July meeting we had an excellent presentation by Tom Pecharich from AMC. We will post the details of his presentation and key information on dual and single parachute jumping on our web site [www.eaa465.com](http://www.eaa465.com).
- **Airfest 2016 and Young Eagles:** Our chapter will be providing Young Eagles (YE) flights during Airfest 2016. See attached announcement and help us market this activity with youth and their parents in our community. All Bill Siegel, our YE coordinator, a call 305-962-4027 if you can help. We need several more planes and ground volunteers (see attached list of current volunteers) and Bill has handouts and posters you can use to market the YE event.
- **Creation of an "Airport Commission" and updating of "Airport Lease Policies":** There is continuing progress on these policies which will be discussed at the regular Airport Advisory Committee (AAC) meeting at the Airport Terminal at 7 PM Sept 10. If you have input please plan on attending, as updates to these policies will affect all aviators.

=====

We have done several nice cross country flights to Great Falls MT and Seattle over the past few weeks, it sure beats driving as you know. Currently we are in Breckenridge Colorado, via I-15/70 and are enjoying six weeks of cool and motorcycle and jeep rides in the mountains. Hope to see many of you at the Airport Terminal Wed. Sept 14, 7 PM. for our next get together which will include some updates from Rod Dykhouse our Chapter flight advisor, and a full briefing for all the YE volunteers so we are ready for the Oct 1 YE event..

## Chapter 465 Meeting Minutes

Meeting Minutes July 13, 2016

Meeting Called to Order – Meeting called to order at 7:06 PM

Attendance – 8 members were in attendance 3 guests

Old Business

Approval of Meeting Minutes - Darrel Radford moved to approved last meeting minutes and Mac Gleim was the second.

Member Count – currently there are 68 people in the Chapter including students.

Airfest (Airport Appreciation Day) October 1, 2016 - Steve Allen indicated that the project is progressing. Nothing new to report. Just in the middle period where there is a great deal to work going on but no major items to discuss. Dave wants to see a one page on the program.

Bill discussed Young Eagles – so far not many pilots so is it possible that it may need to be cancelled (update 8/3 we now have a core of volunteers) If there are more planes and pilots. A decision point would be by August 9<sup>th</sup> as far as going forward with the advertising. Passed around a sign in sheet, they are looking for 5 to 7 pilots/planes .

2017 AOPA West Coast – Phil wasn't in attendance so no update. No final word on if Paso will be the location. We are in competition with Camarillo.

2016 Mooney Fly-in – Phil was not here but the fly-in is planned for mid September.

Update on Restoration of Taylorcraft

Bill discussed that they have been gluing and ironing fabric and are now down to the last control surfaces. The next up is the envelope for the fuselage. The wings have been signed off.

Lancair National Fly-in 2017

Dave has not heard yet but there is a great deal of support so he feels there is a good chance to get it. However, they are competing with Las Vegas.

ADSB – Dave discussed a rebate program upcoming for \$500.00 for early installation. Limited number of them available. Worth looking into, see details on the FAA web-site.

**As part of AIRFEST 2016 the Experimental Aircraft Association (EAA) Young Eagles Program will take flight in Paso Robles**  
Saturday Oct 1, 2016 at 9:00 am

- Have you ever wondered what your neighborhood looks like from the sky? Or maybe you're curious how airplanes even work. You might even dream about being a pilot. If you're nodding your head "Yes" and are between the ages of 8 and 17, you're ready to take a free Young Eagles flight and see what real pilots do on the ground and in the air.
- Since 1992, more than 2 million Young Eagles have enjoyed a flight from EAA's network of volunteer pilots. For many, it was the start of their journey to becoming a pilot, aircraft mechanic, air traffic controller, or many other aviation career possibilities.
- On Saturday Oct. 1, 2016, members of EAA Chapter 465 of Paso Robles will provide free flights to introduce young people to aviation at the Paso Robles Airport. Flights will originate from the vicinity of the airport terminal, commencing at approximately 9 to 10 am, weather permitting. A parent or legal guardian will be required to sign a permission form prior to the flight.
- After the flight, the Young Eagle will get a signed personal logbook and free access to Sporty's Learn to Fly Course (\$199 value), first flight lesson (\$120 value), admission to 300+ science and technology museums, Academy of Model Aeronautics Student Membership, electronic copy of *EAA Sport Aviation* monthly magazine, and access to valuable flight training awards, education scholarships, and Air Academy camperships.
